

## **REQUEST FOR VOLUNTEERS**

**Volunteers interested in improving the environment are encouraged to participate in or undertake programs to improve the quality of water of Little Buck Run and the tributaries within the Borough.**

**As an individual or an organization, your volunteer efforts can make the difference in improving the quality of water within the Borough of Parkesburg.**

**If you are a high school class, a college study group, a Boy Scout organization, a civic group, a local business, a retired individual, or otherwise, you may find your participation to be personally rewarding and gratifying. You do not need to have an environmental background or specific technical expertise to help make the difference.**

**The following are some of the aspects that you may find of interest as related to Little Buck Run, and the Knoll and Minch Tributaries:**

- **Measuring water quality and flow**
- **Cleaning-up trash and litter**
- **Checking outfalls for illicit discharges**
- **Creating spreadsheets and data bases of water quality**
- **Cleaning-up heavy debris**
- **Creating newsletter articles and press releases**
- **Assessing riparian buffers**
- **Developing green initiatives**

**Contact the Borough of Parkesburg at 610-857-2616**
